

Electric Far-infrared Heater

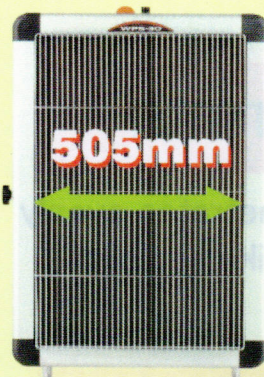

Panel Heater WPS-30

Wide Heat Distribution

Because of wide panel, WPS-30 can efficiently heat up to wide area from side to side

Panel Heater WPS-30

Application Examples

Workshop

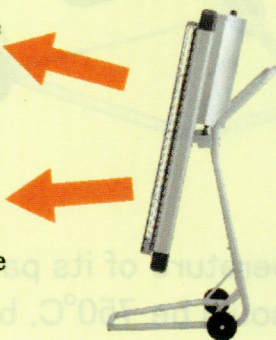

Showroom

Variable angle

Upper
15 degree

Lower
5 degree

Easy transport

Equipped with wheel and easily-handled frame achieve easy moving

Meeting room

Entrance

Specification

Model name	WPS-30
Heat output	3.0 kW
Power source	230V single phase
Dimension (H*W*D)	1,110 × 650 × 550 mm
Safety device	Tip-over detection Overheat protection Auto-restart prevention
